Parks group honored for green efforts

The Cobb Parks Coalition received a \$7,500 grant Thursday from Park Drive, the Atlanta nonprofit that works to preserve green space.

The coalition was recognized for its efforts two years ago to help pass a \$40 million bond referendum for parks and green space county-wide. The \$7,500 will be used to rally voters to again support a \$40 million bond referendum on the ballot Nov. 4, said Paul Paulson, who heads up the grass-roots coalition.
